

# WHITTIER

## Product Information & Data Sheet

Whittier is a natural quartzite veneer in the dimensional ledgestone style. The pieces of stone are all 3" in height with lengths varying from 6"-18". Whittier is predominantly white with some cream and light grey tones. The stone will also have some soft brown natural veining within the pieces and softly sparkle in the light. The pieces have been sawn on five sides including the top, bottom, ends, and back. The front shows the split face of the stone with a sandpaper like texture. Installation can be done with or without a mortar joint between the pieces. Whittier is a premium quality imported stone that we have in stock and ready to ship.

### Flats Dimensions

Heights: 1" - 6"

Lengths: 4" - 12"

Depths: 3/4" - 1-1/2"

Weight: 13 - 15 lb. per square foot

### Corner Dimensions

Heights: 1" - 6"

Lengths: 3"-5" x 8"-12"

Depths: 3/4" - 1-1/2"

Weight: 20 lb. per linear foot

Angle: 90

### Stone Characteristics

Colors: Natural Tones

Style: Dimensional

Ledgestone

Finish: Natural

### Packaging

Sold as loose pieces.

Flat Pallet: 150 square feet

Corner Pallet: 50 linear feet

### Applications

This natural stone veneer is approved for all applications due to its high compressive strength and low water absorption. It is well suited for exterior applications with a harsh climate.

### LEED® Certification & Energy Efficiency

Using natural stone veneer can contribute to obtaining credits toward your LEED green building certification. The natural material helps improve the energy efficiency of your home or business.

### Installation

Natural thin stone veneer installation information is available on our website:
