

# NEWPORT

## Product Information & Data Sheet

Newport is a bold and stunning mosaic style natural stone veneer. The colorful irregular shapes bring a warm and inviting feeling to the stone. Newport's web-like or webwall pattern makes the stone feel casual and approachable. The colors of Newport come from the abundance of minerals within the ground where the stone is quarried. The pieces come from the top layers of the quarry where the stone has the greatest color range. Newport has an approximately 1" thick split back. The stone has not been sawn on the back with a diamond blade; this has no impact on the installation or final appearance. Newport is a natural fit for a colorful coastal or country home.

### LEED® Certification & Energy Efficiency

Using natural stone veneer can contribute to obtaining credits toward your LEED green building certification. The natural material helps improve the energy efficiency of your home or business.

### Installation

Natural thin stone veneer installation information is available on our website:

We have resources to help with everything from mortar joint selection to a full PDF install guide.

### Flats Dimensions

Heights: 4" - 12"  
Lengths: 4" - 18"  
Depths:  $\frac{3}{4}$ " - 1- $\frac{1}{2}$ "  
Weight: 13 - 15 lb. per square foot

### Corner Dimensions

Heights: 4" - 12"  
Lengths: 3"-5" x 6"-12"  
Depths:  $\frac{3}{4}$ " - 1- $\frac{1}{2}$ "  
Weight: 20 lb. per linear foot  
Angle: 90

### Stone Characteristics

Colors: Gold Tones, Grey Tones  
Style: Mosaic  
Finish: Natural

### Packaging

Sold as loose pieces.  
Flat Pallet: 150 square feet  
Corner Pallet: 50 linear feet

### Applications

This natural stone veneer is approved for all applications due to its high compressive strength and low water absorption. It is well suited for exterior applications with a harsh climate.
