

RICHMOND

Product Information & Data Sheet

Richmond is a colorful mosaic webwall style real thin stone veneer. The stone is a natural blend of colors with soft blacks, greys, tans, and light browns. The diverse color pallet makes Richmond a good option to use in custom blends with other stones. Richmond is a split back product due to the unique and consistent layering of the quarry. The split or natural back has no impact on the installation or final appearance. By splitting the back rather than sawing, we are able to reduce our production costs. We pass on the savings making Richmond one of our most affordable premium natural stone veneer options.

Flats Dimensions

Heights: 4" - 12"

Lengths: 4" - 18"

Depths: 3/4" - 1-1/2"

Corner Pallet: 50 linear feet

Applications

This natural stone veneer is approved for all applications due to its high compressive strength and low water absorption. It is well suited for exterior applications with a harsh climate.

LEED® Certification & Energy Efficiency

Using natural stone veneer can contribute to obtaining credits toward your LEED green building certification. The natural material helps improve the energy efficiency of your home or business.

Installation
