

# SHADOW VISTA

## Product Information & Data Sheet

Shadow Vista will bring a variety of grays, whites, tans, and black tones to your project. The lighter colors have bands of color that add dimension to the various sized stones. The rectangular shaped stones have squared ends that will work well for any sized project. This stone is great for accent walls, fireplace surrounds and exterior accents. The variety of textures and stone colors also make Shadow Vista complimentary to modern décor. Electronics, appliances, and other modern accessories will all blend well with this stone.

### Applications

This natural stone veneer is approved for all applications due to its high compressive strength and low water absorption. It is well suited for exterior applications with a harsh climate.

### LEED® Certification & Energy Efficiency

Using natural stone veneer can contribute to obtaining credits toward your LEED green building certification. The natural material helps improve the energy efficiency of your home or business.

### Installation

Natural thin stone veneer installation information is available on our website:
