

# BOSTON

## Product Information & Data Sheet

Boston is a beautiful multi-color blend of real stone veneer with a quintessential old New England feel. This rustic castle rock or square rec style stone has beiges, tans, greys and blacks with textures that range from smooth to rippled and coarse.

Boston is a blend of stone from multiple quarries, sharing centuries-old New England granite. The blend of natural stone gives Boston its unique color range and varied textures. Boston's New England granite has been used on buildings dating back to Colonial times, which gives the stone an undeniable historic aesthetic and lineage. Between the color range and price point, Boston is an unbeatable choice for a granite castle rock natural stone.

### Flats Dimensions

Heights: 2" - 12"  
Lengths: 4" - 18"  
Depths: ¾" - 1-½"  
Weight: 13 - 15 lb. per square foot

### Stone Characteristics

Colors: Gold Tones, Grey Tones, Natural Tones  
Style: Castle Rock  
Finish: Natural

### Applications

This natural stone veneer is approved for all applications due to its high compressive strength and low water absorption. It is well suited for exterior applications with a harsh climate.
