

BOSTON

Product Information & Data Sheet

Boston is a beautiful multi-color blend of real stone veneer with a quintessential old New England feel. This rustic castle rock or square rec style stone has beiges, tans, greys and blacks with textures that range from smooth to rippled and coarse. This stone is sold as individual pieces ranging from 4"-12" in height intended to be installed by a professional masonry contractor. The stones range from .75" to 1.5" in thickness and weigh 13-15 pounds per square foot. If you are looking for a rustic and colorful thin stone veneer, Boston is a great choice.

Applications

This natural stone veneer is approved for all applications due to its high compressive strength and low water absorption. It is well suited for exterior applications with a harsh climate.

LEED® Certification & Energy Efficiency

Using natural stone veneer can contribute to obtaining credits toward your LEED green building certification. The natural material helps improve the energy efficiency of your home or business.

Installation
