

# NANTUCKET

## Product Information & Data Sheet

Nantucket is a castle rock style real stone veneer with beautiful shades of dark grey and hints of blue. It has been said that this stone resembles cold steel with its semi-consistent color shades. The individual pieces of stone have subtle color depth ranging from a natural mica pattern to veining. Nantucket gives a solid and imposing appearance due to the larger rectangles and darker colors. This real stone veneer is a castle rock or square rec style due to the large rectangular pieces. Nantucket is a great choice for awe inspiring residential exteriors.

### Flats Dimensions

Heights: 2" - 12"

Lengths: 4" - 18"

Depths: ¾" - 1-½"

Weight: 13 - 15 lb. per square foot

### Corner Dimensions

Heights: 2" - 8"

Lengths: 3"-5" x 8"-12"

Depths: ¾" - 1-½"

Weight: 20 lb. per linear foot

Angle: 90

### Stone Characteristics

Colors: Grey Tones, Sky Tones

Style: Castle Rock

Finish: Natural

### Packaging

Sold as loose pieces.

Flat Pallet: 150 square feet

Corner Pallet: 50 linear feet

### Applications

This natural stone veneer is approved for all applications due to its high compressive strength and low water absorption. It is well suited for exterior applications with a harsh climate.

### LEED® Certification & Energy Efficiency

Using natural stone veneer can contribute to obtaining credits toward your LEED green building certification. The natural material helps improve the energy efficiency of your home or business.

### Installation

Natural thin stone veneer installation information is available on our website:
