

# NAPA VALLEY

## Product Information & Data Sheet

Napa Valley is a warm blend of thin cut natural limestone veneers. The stone has predominantly gold tone pieces with occasional soft red and lavender colored pieces. Napa Valley's thin stone pieces provide a range of textures between the colors. The gold pieces are more coarse and the lavenders have a softer smoother feel. The bright and inviting tones are perfect for Tuscan or Mediterranean inspired homes. Napa Valley is cut from high-density low water absorption Wisconsin limestone. The stone is approved for all architectural applications in even the harshest of climates.

### Flats Dimensions

Heights: 2" - 8"  
Lengths: 4" - 18"  
Depths: ¾" - 1½"  
Weight: 13 - 15 lb. per square foot

### Stone Characteristics

Colors: Copper Tones, Gold Tones  
Style: Ashlar  
Finish: Natural

### Applications

This natural stone veneer is approved for all applications due to its high compressive strength and low water absorption. It is well suited for exterior applications with a harsh climate.
