

VERSAILLES

Product Information & Data Sheet

Versailles is a silver tone sawed height quartzite thin veneer. This natural stone creates a stately pattern with heights of 6", 8", and 10". Versailles contains exactly one-third coverage of each of the three heights. For example, if you ordered 300 square feet, you would receive 100 square feet of each size. The heights and percentage can be adjusted depending on your preference. The veneer shows the unaltered faces of the stone which are naturally smooth and consistent. Versailles is one of the few veneers that also works great for flooring applications. The stone looks incredible installed as planking similar to hardwood flooring or as siding typical of our other natural stone veneer options.

Flats Dimensions

Heights: 2-¼", 5", 7-¾"

Lengths: 4" - 16"

Depths: ¾" - 1-½"

Weight: 13 - 15 lb. per square foot

Stone Characteristics

Colors: Grey Tones

Style: Dimensional

Finish: Natural

Packaging

Sold as loose pieces.

Flat Pallet: 150 square feet

Applications

This natural stone veneer is approved for all applications due to its high compressive strength and low water absorption. It is well suited for exterior applications with a harsh climate.

LEED® Certification & Energy Efficiency

Using natural stone veneer can contribute to obtaining credits toward your LEED green building certification. The natural material helps improve the energy efficiency of your home or business.

Installation

Natural thin stone veneer installation information is available on our website:
