

LINCOLN

Product Information & Data Sheet

Lincoln is a natural marble with beautiful veining and a historic pedigree. This stone may look familiar as you may have seen it before on national American landmarks. For the first time, we are able to create and offer a natural thin veneer out of the raw stone used on these landmarks. The quarry has been in operation for over 180 years, but we have not sawed the stone into thin veneer until now. This same stone has been used on many national landmarks and emblems of power. Notably, this stone has been used on the New York Stock Exchange, Lincoln Memorial, and the U.S. Capitol Building. Although these applications used the marble in a different fashion with a polished finish similar to a countertop, it is the same beautiful stone. We are excited and honored to be able to offer this symbol of America as a natural thin stone veneer.

Flats Dimensions

Heights: 2- $\frac{1}{4}$ " , 5" , 7- $\frac{3}{4}$ "
Lengths: 4" - 16"
Depths: $\frac{3}{4}$ " - 1- $\frac{1}{2}$ "
Weight: 13 - 15 lb. per square foot

Corner Dimensions

Heights: 2- $\frac{1}{4}$ " , 5" , 7- $\frac{3}{4}$ "
Lengths: 3"-5" x 8"-12"
Depths: $\frac{3}{4}$ " - 1- $\frac{1}{2}$ "
Weight: 20 lb. per linear foot
Angle: 90

Stone Characteristics

Colors: Grey Tones, Natural Tones
Style: Dimensional
Finish: Natural

Packaging

Sold as loose pieces.
Flat Pallet: 150 square feet
Corner Pallet: 50 linear feet

Applications

This natural stone veneer is approved for all applications due to its high compressive strength and low water absorption. It is well suited for exterior applications with a harsh climate.
