

LILLE

Product Information & Data Sheet

Lille is a multicolor mosaic style natural thin stone veneer. The stone is adored for its natural color variation and old-world look. With greys, silvers, golds, blacks, and earthy browns the colors are expressive and varied. Natural veining adds another dimension to this natural stone veneer. Lille is a split back product; it has not been sawn with a diamond blade. This will not impact the installation nor finished look. The stone is naturally a mosaic pattern of random unaltered shapes. If desired, your mason can install this product with some linearity to create more of a fieldledge look.

Flats Dimensions

Heights: 4" - 12"
Lengths: 4" - 18"
Depths: ¾" - 1-½"
Weight: 13 - 15 lb. per square foot

Corner Dimensions
