

TIBURON

Product Information & Data Sheet

Tiburon is a pink dimensional style natural granite thin veneer. This stone is beautifully unique due to its consistent soft pink tones. It has the black and white salt and pepper speckles that granite is known for but the color that shines through from a distance is a soft pink. Tiburon's color works great on coastal homes, shabby chic design, or anywhere you want to add a unique touch of color to your home. This stone is synonymous with old Florida design. Old Florida design often refers to colonial Key West style homes characterized by bright tropical colors including pinks, teals, light blues, coral reds, and seafoam greens. Tiburon is the perfect choice for your Florida Key West getaway, feminine shabby chic interior design, or a unique focal point.

Flats Dimensions

Heights: 2-¼", 5", 7-¾"
Lengths: 4" - 16"
Depths: ¾" - 1-½"
Weight: 13 - 15 lb. per square foot

Stone Characteristics

Colors: Copper Tones
Style: Dimensional
Finish: Natural

Applications

This natural stone veneer is approved for all applications due to its high compressive strength and low water absorption. It is well suited for exterior applications with a harsh climate.
