

RACINE

Product Information & Data Sheet

Racine is a light-tone castle rock style real thin cut stone veneer. The veneer falls loosely into the castle rock style with primarily rectangular pieces. A few pieces showcase some irregularity in shape which adds to the character of the natural stone veneer. Racine is one of the few stone options we have where we can sort the colors to an extent. As shown in the application photos, the pieces can be requested to be lighter or darker depending on your design goals. Racine has a beautiful depth of color within the individual pieces that can only be achieved with natural stone.

Flats Dimensions

Heights: 2" - 12"

Lengths: 4" - 18"

Depths: 3/4" - 1-1/2"

Weight: 13 - 15 lb. per square foot

Corner Dimensions

Heights: 2" - 8"

Lengths: 3"-5" x 8"-12"

Depths: 3/4" - 1-1/2"

Weight: 20 lb. per linear foot

Angle: 90

Stone Characteristics

Colors: Gold Tones, Grey

Tones, Natural Tones

Style: Castle Rock

Finish: Natural

Packaging

Sold as loose pieces.

Flat Pallet: 150 square feet

Corner Pallet: 50 linear feet

Applications

This natural stone veneer is approved for all applications due to its high compressive strength and low water absorption. It is well suited for exterior applications with a harsh climate.

LEED® Certification & Energy Efficiency

Using natural stone veneer can contribute to obtaining credits toward your LEED green building certification. The natural material helps improve the energy efficiency of your home or business.

Installation

Natural thin stone veneer installation information is available on our website:
