

ROANOKE

Product Information & Data Sheet

Roanoke is an ashlar-style thin stone veneer with warm tones. The stone is one of our best-selling products with its neutral appearance that is full of character. Roanoke shows both the splitface and bedface of the natural sandstone, which provides a range of color and texture.

The splitface pieces are the more muted gray pieces, while the bedfaces show the natural mineral-stained gold, white, and tan tones. Roanoke naturally lends itself to a lighter, whiter mortar, which can emphasize the soft tones within the stone. The stone is in stock and ready for shipment.

Flats Dimensions

Heights: 2" - 8"
Lengths: 4" - 18"
Depths: ¾" - 1½"
Weight: 13 - 15 lb. per square foot

Corner Dimensions

Heights: 2" - 8"

Style: Ashlar
Finish: Natural

Packaging

Sold as loose pieces.
Flat Pallet: 150 square feet
Corner Pallet: 50 linear feet

Applications

This natural stone veneer is approved for all applications due to its high compressive strength and low water absorption. It is well suited for exterior applications with a harsh climate.
