

# QUANDARY PEAK

## Product Information & Data Sheet

Quandary Peak is a dark and bold mosaic-style natural dolomitic limestone thin veneer. The stone is uniquely set apart from other stone options by its full spectrum of gray tones. The colors range from very light grays to charcoals and all the way to black. Quandary Peak is a vein-specific product within the quarry meaning it is an anomaly from the standard stone colors. The stone comes from the same quarry that produces our Lewes product which showcases more consistent gray tones. The vein that produces Quandary Peak has a greater concentration of manganese and zinc which provide the black tones.

### LEED® Certification & Energy Efficiency

Using natural stone veneer can contribute to obtaining credits toward your LEED green building certification. The natural material helps improve the energy efficiency of your home or business.

### Installation

Natural thin stone veneer installation information is available on our website:

### URL

<https://quarrymill.com/support>

### Flats Dimensions

Heights: 4" - 12"  
Lengths: 4" - 18"  
Depths:  $\frac{3}{4}$ " - 1- $\frac{1}{2}$ "  
Weight: 13 - 15 lb. per square foot

### Corner Dimensions

Heights: 4" - 12"  
Lengths: 3"-5" x 6"-12"  
Depths:  $\frac{3}{4}$ " - 1- $\frac{1}{2}$ "  
Weight: 20 lb. per linear foot  
Angle: 90

### Stone Characteristics

Colors: Grey Tones, Natural Tones  
Style: Mosaic  
Finish: Natural

### Packaging

Sold as loose pieces.  
Flat Pallet: 150 square feet  
Corner Pallet: 50 linear feet

### Applications

This natural stone veneer is approved for all applications due to its high compressive strength and low water absorption. It is well suited for exterior applications with a harsh climate.
