

MONROE

Product Information & Data Sheet

Monroe is a castle rock style natural granite thin stone veneer. The stone falls into the castle rock style due to the rectangular shapes, however, it is more rough cut than many of our other castle rock options. The granite slabs Monroe is cut from do not split as clean and evenly as our limestone, sandstone, or quartzite slabs. Monroe is a mix of blue and grey tones. The predominant tone of blue or grey is up for debate depending on the lighting and how close you are to viewing the stone. The sun can wash out some of the colors to make it appear grey from a distance but upon closer inspection, the blues become clearly evident.

Flats Dimensions

Heights: 2" - 12"
Lengths: 4" - 18"
Depths: ¾" - 1-½"
Weight: 13 - 15 lb. per square foot

Corner Dimensions

Heights: 2" - 8"
Lengths: 3"-5" x 8"-12"
Depths: ¾" - 1-½"
Weight: 20 lb. per linear foot
Angle: 90

Stone Characteristics

Colors: Grey Tones, Sky Tones
Style: Castle Rock
Finish: Natural

Packaging

Sold as loose pieces.
Flat Pallet: 150 square feet
Corner Pallet: 50 linear feet

Applications

This natural stone veneer is approved for all applications due to its high compressive strength and low water absorption. It is well suited for exterior applications with a harsh climate.
