

MELBOURNE

Product Information & Data Sheet

Melbourne is a natural low height ledgerstone thin veneer in a full range of earth tones. The thin veneer showcases brown tones, tan tones, and the occasional grey or gunmetal. Melbourne is shown with the standard half-inch grey raked mortar joint; however, it can also be drystack (tight fit mortarless installation). Low height ledgerstones like Melbourne easily lend themselves to a drystack installation as can be seen in the application photos. The individual pieces of stone have a somewhat soft texture similar to fine-grit sandpaper. This relatively soft texture makes Melbourne a good fit for both interior and exterior applications in high-traffic areas.

Flats Dimensions

Heights: 1" - 5"

Lengths: 4" - 12"

Depths: 3/4" - 1-1/2"

Weight: 13 - 15 lb. per square foot

Corner Dimensions

Heights: 1" - 5"

Lengths: 3"-5" x 6"-12"

Depths: 3/4" - 1-1/2"

Weight: 20 lb. per linear foot

Angle: 90

Stone Characteristics

Colors: Earthy Browns, Gold Tones, Grey Tones

Style: Ledgerstone

Finish: Natural

Packaging

Sold as loose pieces.

Flat Pallet: 150 square feet

Corner Pallet: 50 linear feet

Applications

This natural stone veneer is approved for all applications due to its high compressive strength and low water absorption. It is well suited for exterior applications with a harsh climate.

LEED® Certification & Energy Efficiency

Using natural stone veneer can contribute to obtaining credits toward your LEED green building certification. The natural material helps improve the energy efficiency of your home or business.

Installation

Natural thin stone veneer installation information is available on our website:
