

# BRIDGER

## Product Information & Data Sheet

Bridger is a natural stone veneer blend of granite and gneiss made in-house. The granite provides the speckled gold pieces while the gneiss contributes the darker blue and gray pieces.

Bridger is sought after for the color variation that comes from blending the different types of stone. If desired, the blend can be adjusted to be a higher percentage of the gold granite or gray gneiss, depending on your design needs. Bridger is a split-back product as opposed to having a sawn back. The split-back has no impact on the installation or final appearance.

### Flats Dimensions

Heights: 2" - 12"  
Lengths: 4" - 18"  
Depths: ¾" - 1-½"  
Weight: 13 - 15 lb. per square foot

### Corner Dimensions

Heights: 2" - 8"  
Lengths: 3"-5" x 8"-12"  
Depths: ¾" - 1-½"  
Weight: 20 lb. per linear foot  
Angle: 90

### Stone Characteristics

Colors: Gold Tones, Grey Tones, Sky Tones  
Style: Castle Rock  
Finish: Natural

### Packaging

Sold as loose pieces.  
Flat Pallet: 150 square feet  
Corner Pallet: 50 linear feet

### Applications

This natural stone veneer is approved for all applications due to its high compressive strength and low water absorption. It is well suited for exterior applications with a harsh climate.
