GALLATIN

Product Information & Data Sheet

Gallatin is a square-rec style natural thin cut granite veneer blend. The blend is created in-house from four neighboring quarries. The finished veneer gives beautiful color variation with shades of gray, salt and pepper, soft black, gold, and tan. Gallatin offers more flexibility with color choice than other stone options. Because Gallatin is a blend, we are able to alter the percentage of colors to fit your design. Requests have ranged from zero tans to 100% soft black. Gallatin is a relatively new product that we developed with a local designer and we could not be more excited. The stone is a premium quality granite with an exceptionally affordable price point.

Flats Dimensions

Heights: 2" - 12" Lengths: 4" - 18" Depths: 34" - 1-1/2"

Weight: 13 - 15 lb. per square foot

Stone Characteristics

Colors: Gold Tones, Grey Tones, Sky

Tones

Style: Castle Rock

Finish: Natural

Corner Dimensions

Heights: 2" - 8" Lengths: 3"-5" x 8"-12" Depths: 34" - 1-1/2"

Weight: 20 lb. per linear foot

Angle: 90

Packaging

Sold as loose pieces.

Flat Pallet: 150 square feet Corner Pallet: 50 linear feet

Applications

This natural stone veneer is approved for all applications due to its high compressive strength and low water absorption. It is well suited for exterior applications with a harsh climate.
