

COUNTRY HARVEST

Product Information & Data Sheet

Country Harvest is a premium Wisconsin quarried natural thin stone veneer. The stone has tans and golds against shades of gray. Country Harvest showcases both the interior and edges of the natural limestone slabs. The Wisconsin limestone of Country Harvest is world-renowned for its durability. Country Harvest is an ashlar style stone with pieces that showcase the complete size range the quarry produces. This stone is great for large projects. The heights of the individual pieces are determined by the thickness of the layer in the quarry that it is extracted from. Country Harvest is referred to as quarry run due to the sizes of the individual pieces. The natural blend of sizes has a cohesive feel that comes from the pieces being cut from the same slabs of stone.

Flats Dimensions

Heights: 2" - 8"
Lengths: 4" - 18"
Depths: ¾" - 1½"
Weight: 13 - 15 lb. per square foot

Corner Dimensions

Heights: 2" - 8"
Lengths: 3"-5" x 8"-12"
Depths: ¾" - 1-½"
Weight: 20 lb. per linear foot
Angle: 90

Stone Characteristics

Colors: Gold Tones, Grey Tones
Style: Ashlar
Finish: Natural

Packaging

Sold as loose pieces.
Flat Pallet: 150 square feet
Corner Pallet: 50 linear feet

Applications

This natural stone veneer is approved for all applications due to its high compressive strength and low water absorption. It is well suited for exterior applications with a harsh climate.
