

COLOGNE

Product Information & Data Sheet

Cologne is a natural dolomitic limestone in the castle rock pattern. The stone is a perfect example of the understated beauty of natural stone. From a distance the stone appears a more monochromatic gray, however, upon closer inspection it reveals a soft range and depth of color. The thin veneer is cut from the tops and bottoms of the natural limestone slabs after they have been split into rectangles with a hydraulic press. Cologne showcases a tumbled finish and is a testament to the beauty and old world feel provided by the tumbling process. The tumbled castle rock style is reminiscent of Europe's medieval fortresses.

Flats Dimensions

Heights: 2" - 12"
Lengths: 4" - 18"
Depths: ¾" - 1-½"
Weight: 13 - 15 lb. per square foot

Corner Dimensions

Heights: 2" - 8"
Lengths: 3"-5" x 8"-12"
Depths: ¾" - 1-½"
Weight: 20 lb. per linear foot
Angle: 90

Stone Characteristics

Colors: Grey Tones, Natural Tones
Style: Castle Rock
Finish: Tumbled

Packaging

Sold as loose pieces.
Flat Pallet: 150 square feet
Corner Pallet: 50 linear feet

Applications

This natural stone veneer is approved for all applications due to its high compressive strength and low water absorption. It is well suited for exterior applications with a harsh climate.
