

ARDENNES

Product Information & Data Sheet

Ardennes is a natural hand picked fieldstone in a fieldledge style. The stone has soft sandy textures and predominantly brown tones with a full color range of white to black. The smaller linear piece pattern is broken up with larger mosaic style pieces or "jumpers" as they are sometimes called. Due to the range of sizes Ardennes works great for both large and small scale walls. The stone is shown with a standard half-inch grey raked mortar joint between the individual pieces. This is the most common installation method, however, other joint options and mortar colors can be used. Although it is not easily noticeable once the product is installed there will be some sawn edges on the smaller pieces of stone.

Flats Dimensions

Heights: 2" - 10"
Lengths: 4" - 18"
Depths: ¾" - 1-½"
Weight: 13 - 15 pounds

Corner Dimensions

Angle: 90 degrees
Heights: 2" - 10"
Lengths: 3"-5" x 8"-12"
Depths: ¾" - 1-½"
Weight: 20 pounds per linear foot

Stone Characteristics

Colors: Earthy Browns
Style: Fieldledge
Finish: Natural

Packaging

Sold as loose pieces.
Flat Pallet: 100 square feet
Corner Pallet: 50 linear feet

Applications

This natural stone veneer is approved for all applications due to its high compressive strength and low water absorption. It is well suited for exterior applications with a harsh climate.

LEED® Certification & Energy Efficiency

Using natural stone veneer can contribute to obtaining credits toward your LEED green building certification. The natural material helps improve the energy efficiency of your home or business.

Installation

Natural thin stone veneer installation information is available on our website:
