

MONTE VISTA

Product Information & Data Sheet

Monte Vista is a natural castle rock blend thin stone with a tumbled finish. The veneer is a blend of colors but amazingly all the pieces come from the same quarry. The color differences are from the raw stone being extracted at different depths within the quarry. The color change is due to how deep the minerals have penetrated into the ground over time. The more colorful earthy tones come from shallow depths, whereas, the more neutral grey tones are deeper in the ground. Monte Vista has a smooth texture and the pieces have rounded edges from the tumbling process.

Flats Dimensions

Heights: 2" - 12"

Lengths: 4" - 18"

Depths: 3/4" - 1-1/2"

Weight: 13 - 15 lb. per square foot

Corner Dimensions

Heights: 2" - 8"

Lengths: 3"-5" x 8"-12"

Depths: 3/4" - 1-1/2"

Weight: 20 lb. per linear foot

Angle: 90

Stone Characteristics

Colors: Copper Tones,
Earthy Browns, Grey Tones
Style: Castle Rock
Finish: Tumbled

Packaging

Sold as loose pieces.
Flat Pallet: 150 square feet
Corner Pallet: 50 linear feet

Applications

This natural stone veneer is approved for all applications due to its high compressive strength and low water absorption. It is well suited for exterior applications with a harsh climate.

LEED® Certification & Energy Efficiency

Using natural stone veneer can contribute to obtaining credits toward your LEED green building certification. The natural material helps improve the energy efficiency of your home or business.

Installation

Natural thin stone veneer installation information is available on our website:
