

SUN VALLEY

Product Information & Data Sheet

Sun Valley is a natural blend of real stone veneer quarried high in the mountains. This product has both a great overall color range and depth of color in each individual piece. The colors range from cool gunmetal greys to deep reddish browns and rusty plum tones. The stone loosely falls into the fieldledge style category due to the mix of roughly linear and irregular shaped pieces. The fieldledge style gives your mason a good deal of flexibility with the installation of the final appearance. Shown here is the standard product, however, we can also custom-cut Sun Valley into a mosaic, castle rock, or ledgerstone style if desired.

Note: This product is currently on backorder. Please contact us before placing an order.

Flats Dimensions

Heights: 2" - 10"
Lengths: 4" - 18"
Depths: $\frac{3}{4}$ " - 1 $\frac{1}{2}$ "
Weight: 13 - 15 lb. per square foot

Corner Dimensions

Heights: 2" - 10"
Lengths: 3"-5" x 8"-12"
Depths: $\frac{3}{4}$ " - 1 $\frac{1}{2}$ "
Weight: 20 lb. per linear foot
Angle: 90

Stone Characteristics

Colors: Earthy Browns, Gold Tones
Style: Fieldledge
Finish: Natural

Packaging

Sold as loose pieces.
Flat Pallet: 150 square feet
Corner Pallet: 50 linear feet

Applications

This natural stone veneer is approved for all applications due to its high compressive strength and low water absorption. It is well suited for exterior applications with a harsh climate.
