

# CEDAR RIDGE

## Product Information & Data Sheet

Cedar Ridge is a beautiful and visually appealing sawn height dimensional ledgerstone real thin veneer. The colors of this natural stone veneer are semi-consistent with shades of brown and natural tones. Cedar Ridge is predominantly tan with a full color range of white to brown that brings a warm feeling to any environment. The stone is sawn to three specific heights and installs easily with a half-inch standard mortar joint. The stone can also be drystacked in a running bond or course height pattern where each row uses the same height stone across the wall.

### Flats Dimensions
