

ASHBRIDGE

Product Information & Data Sheet

Ashbridge is a Wisconsin quarried granite natural thin stone veneer. The stone has shades of reds, pinks, blues, greys, and an occasional black. Ashbridge has beautiful veining that only natural granite can produce. The stone is dimensional and sawn to heights of 2.25", 5", and 7.75" for a clean and formal look.

As glaciers moved through the state of Wisconsin, they left rich granite deposits. Ashbridge is cut from large boulders that are quarried from the glacial deposits. The stone is quarried from the same glacial deposits as our Fieldstone Cobbles product. The smaller pieces are used as cobbles and the large pieces are split and sawn to make the rectangular stones for Ashbridge.

Flats Dimensions

Heights: 2- $\frac{1}{4}$ ", 5", 7- $\frac{3}{4}$ "
Lengths: 4" - 16"
Depths: $\frac{3}{4}$ " - 1- $\frac{1}{2}$ "
Weight: 13 - 15 lb. per square foot

Corner Dimensions

Heights: 2- $\frac{1}{4}$ ", 5", 7- $\frac{3}{4}$ "
Lengths: 3"-5" x 8"-12"
Depths: $\frac{3}{4}$ " - 1- $\frac{1}{2}$ "
Weight: 20 lb. per linear foot
Angle: 90

Stone Characteristics

Colors: Copper Tones, Earthy Browns, Grey Tones, Sky Tones
Style: Dimensional
Finish: Natural

Packaging

Sold as loose pieces.
Flat Pallet: 150 square feet
Corner Pallet: 50 linear feet

Applications

This natural stone veneer is approved for all applications due to its high compressive strength and low water absorption. It is well suited for exterior applications with a harsh climate.
