

NIGHT MIST

Product Information & Data Sheet

Night Mist is a sparkling and exotic natural thin stone veneer in the mosaic style. The stone has a wide range of colors and textures. Night Mist is predominantly shades of grey with hints of white, black, and green. The texture of Night Mist is extremely rough following the stones' intense veining. Night Mist is a stone that sparkles and pops under light; the grains appear to go in every direction. The shapes of the individual pieces of stone give your mason a considerable amount of flexibility and influence over the final appearance. There are some sawn edges on the stones resulting from the thin veneer production of Night Mist.

Flats Dimensions

Heights: 4" - 12"
Lengths: 4" - 18"
Depths: ¾" - 1-½"
Weight: 13 - 15 lb. per square foot

Corner Dimensions

Heights: 4" - 12"
Lengths: 3"-5" x 6"-12"
Depths: ¾" - 1-½"
Weight: 20 lb. per linear foot
Angle: 90

Stone Characteristics

Colors: Grey Tones
Style: Mosaic
Finish: Natural

Packaging

Sold as loose pieces.
Flat Pallet: 150 square feet
Corner Pallet: 50 linear feet

Applications

This natural stone veneer is approved for all applications due to its high compressive strength and low water absorption. It is well suited for exterior applications with a harsh climate.
