

# ROYAL DUSK

## Product Information & Data Sheet

Royal Dusk is a colorful blend of natural Wisconsin dolomitic limestone. The stone showcases the variations in colors, shapes, and textures that a single quarry can produce. Due to the stone all coming from the same quarry, the mix of pieces aesthetically flow well together forming an old-world look. The base of Royal Dusk is the linear neutral grey pieces that soften the wall. From there, irregular mosaic style pieces are added to mix in a variety of colors. Lastly, a small percentage of seamface pieces are added to create yet another element of color and texture.

### Flats Dimensions

Heights: 2" - 10"

Lengths: 4" - 18"

Depths: ¾" - 1-½"

Weight: 13 - 15 lb. per square foot

### Corner Dimensions

Heights: 2" - 10"

Lengths: 3"-5" x 8"-12"

Depths: ¾" - 1-½"

Weight: 20 lb. per linear foot

Angle: 90

### Stone Characteristics

Colors: Copper Tones, Grey Tones, Natural Tones

Style: Fieldledge

Finish: Natural

### Packaging

Sold as loose pieces.

Flat Pallet: 150 square feet

Corner Pallet: 50 linear feet

### Applications

This natural stone veneer is approved for all applications due to its high compressive strength and low water absorption. It is well suited for exterior applications with a harsh climate.

### LEED® Certification & Energy Efficiency

Using natural stone veneer can contribute to obtaining credits toward your LEED green building certification. The natural material helps improve the energy efficiency of your home or business.

### Installation

Natural thin stone veneer installation information is available on our website:
