

# DOOR COUNTY LEDGE

## Product Information & Data Sheet

Door County Ledge is a sawn height dimensional ledgestone in three consistent heights. This thin stone veneer is cut specifically for a drystack or tight fit (mortarless) installation. Drystack thin stones are best used on interior applications or on exteriors in climates that do not freeze. Door County Ledge is a natural blend of soft and pleasing earth tones with a somewhat smooth and sandy texture. This is a premium quality natural stone veneer that we import from overseas. The product is in stock and ready to ship.
