

# MAYFAIR

## Product Information & Data Sheet

Mayfair natural stone veneer is one of our staple products that has been a customer favorite for years. Its popularity is due to the versatility of this natural stone. The standard Mayfair is a natural blend of both light and darker stone pieces. This is one of the few products where our customers can select the number of darker pieces or what percentage of colorful stones they wish to have. The lighter pieces blend well and can become a neutral base for some of our other more colorful stone veneers. Keep in mind the application photos show variation because each project was customized with various light/dark percentages or stone blends.

### Flats Dimensions

Heights: 2" - 8"  
Lengths: 4" - 18"  
Depths: ¾" - 1½"  
Weight: 13 - 15 lb. per square foot

### Corner Dimensions

Heights: 2" - 8"  
Lengths: 3"-5" x 8"-12"  
Depths: ¾" - 1-½"  
Weight: 20 lb. per linear foot

### Stone Characteristics

Colors: Earthy Browns, Gold Tones  
Style: Ashlar  
Finish: Natural

### Packaging

Sold as loose pieces.  
Flat Pallet: 150 square feet  
Corner Pallet: 50 linear feet

### Applications

This natural stone veneer is approved for all applications due to its high compressive strength and low water absorption. It is well suited for exterior applications with a harsh climate.
