

MIDNIGHT

Product Information & Data Sheet

NOTE: THIS PRODUCT IS ON HOLD AS THE VEIN OF STONE HAS CHANGED COLOR AS WE QUARRIED DEEPER. WE EXPECT TO HAVE IT AVAILABLE AGAIN IN THE FUTURE BUT DO NOT KNOW WHEN THAT WILL BE. Midnight natural thin stone veneer has a beautiful depth of both color and texture. The unique stones have multiple colors within the same piece and range from deep blues to whites with cream and tan tones. The textures range from pimply and rippled to naturally smooth. Midnight is an ashlar or random ashlar as it is sometimes called with medium sized pieces in a rough two to one pattern. The loose pieces of thin stone range in height from 2"-8" allowing the mason to add their touch of art in forming the pattern. The stone is shown here with a standard half inch grey mortar joint. Midnight provides a classic and

Flats Dimensions

Applications

This natural stone veneer is approved for all applications due to its high compressive strength and low water absorption. It is well suited for exterior applications with a harsh climate.

LEED® Certification & Energy Efficiency

Using natural stone veneer can contribute to obtaining credits toward your LEED green building certification. The natural material helps improve the energy efficiency of your home or business.

Installation

Natural thin stone veneer installation information is available on our website:
