

OXFORD

Product Information & Data Sheet

Oxford is a beautiful buff tone dimensional thin stone veneer with a tumbled finish. The warm cream tones, soft golds and occasional darker browns showcase the natural mineral staining. Oxford is a natural limestone and is 100% bedface. The "bed" or natural bed is the flat horizontal surface of stone that becomes exposed as each layer of limestone is unearthed. Oxford has a tumbled finish creating a softer texture with rounded edges. The thin stone veneer will be delivered on pallets containing a mix of the three heights: 2.25", 5" and 7.75".
