

RUSTIC BAY

Product Information & Data Sheet

Rustic Bay real thin stone veneer is a natural limestone in the fieldledge style. It showcases a mix of gold and buff tones to create a traditional and classic look. Rustic Bay is a minimally processed stone reminiscent of centuries ago before diamond saws and tumbling machines. The stones contain both the natural bedface in irregular shapes along with the roughly linear pieces of the interior part of the stone. Rustic bay is a cohesive blend of the limestone faces. The blend adds character while maintaining a natural appearance. Your mason can artfully create a one of a kind design by fitting the irregular and imperfect pieces of stone together with the more standard and linear pieces.

Flats Dimensions

Heights: 2" - 10"
Lengths: 4" - 18"
Depths: ¾" - 1-½"
Weight: 13 - 15 lb. per square foot

Corner Dimensions

Heights: 2" - 10"
Lengths: 3"-5" x 8"-12"
Depths: ¾" - 1-½"
Weight: 20 lb. per linear foot
Angle: 90

Stone Characteristics

Colors: Gold Tones, Natural Tones
Style: Fieldledge
Finish: Natural

Packaging

Sold as loose pieces.
Flat Pallet: 150 square feet
Corner Pallet: 50 linear feet

Applications

This natural stone veneer is approved for all applications due to its high compressive strength and low water absorption. It is well suited for exterior applications with a harsh climate.
