

BORDEAUX

Product Information & Data Sheet

Bordeaux is a unique, red-toned natural thin stone that sparkles in the light. The stone has unusually warm lavender, burgundy, and grey tones. The wide range of colors and unique shapes make Bordeaux a statement stone that adds character to any application.

Bordeaux is cut from the natural fractures of the smaller pieces of stone as they are quarried. The pieces are all irregular and natural shapes, forming the mosaic pattern. Bordeaux's texture is fairly smooth with slight ripples from the natural grain of the stone.

Flats Dimensions

Heights: 4" - 12"
Lengths: 4" - 18"
Depths: ¾" - 1-½"
Weight: 13 - 15 lb. per square foot

Stone Characteristics

Colors: Copper Tones, Grey Tones
Style: Mosaic
Finish: Natural

Applications

This natural stone veneer is approved for all applications due to its high compressive strength and low water absorption. It is well suited for exterior applications with a harsh climate.
