

# STERLING LEDGE

## Product Information & Data Sheet

Sterling Ledge is premium dimensional ledgestone style natural ledgestone thin veneer. Each piece of stone is quarried and cut by hand in Door County, Wisconsin. This stone showcases the real Door County limestone that is sought after for its beauty and durability. Sterling ledge shows the interior part or split face of the natural limestone. To create the consistent 2" heights, the stone goes through multiple production processes. The stone starts as our Empire product and is sawed on the top and bottom leaving only the middle 2" strip of stone.

Note: 90 degree corners are not available, on the corners overlap and interlock the flat pieces. This is a closeout product with 300 square feet left.

### Flats Dimensions

Heights: 1" - 6"

Lengths: 4" - 12"

Depths: 3/4" - 1-1/2"

Weight: 13 - 15 lb. per square foot

### Stone Characteristics

Colors: Grey Tones, Natural Tones

Style: Dimensional

Ledgestone

Finish: Natural

### Packaging

Sold as loose pieces.

Flat Pallet: 150 square feet

### Applications

This natural stone veneer is approved for all applications due to its high compressive strength and low water absorption. It is well suited for exterior applications with a harsh climate.

### LEED® Certification & Energy Efficiency

Using natural stone veneer can contribute to obtaining credits toward your LEED green building certification. The natural material helps improve the energy efficiency of your home or business.

### Installation

Natural thin stone veneer installation information is available on our website:
