

ADDISON

Product Information & Data Sheet

Addison is a formal dimensional style tumbled limestone thin veneer. Dimensional stone is also referred to as sawn height or tailored. Addison has heights of 2.25", 5", and 7.75". Tumbling the stone gives it an aged appearance juxtaposed with the clean and formal lines of the dimensional style cut.

The stone is cut specifically for a half-inch mortar joint (two 2.25" pieces with a half-inch joint between them will perfectly align with a 5" piece. A 5" piece and a 2.25" piece with a half-inch joint will perfectly align with a 7.75" piece). For large projects, 10.5" and 14.25" heights can be added for an additional charge. If drystacking is desired (a tight fit mortarless installation), the stone can be cut into custom sizes (3", 6", and 9").

Flats Dimensions

Heights: 2- $\frac{1}{4}$ ", 5", 7- $\frac{3}{4}$ "
Lengths: 4" - 16"
Depths: $\frac{3}{4}$ " - 1- $\frac{1}{2}$ "
Weight: 13 - 15 lb. per square foot

Corner Dimensions

Heights: 2- $\frac{1}{4}$ ", 5", 7- $\frac{3}{4}$ "
Lengths: 3"-5" x 8"-12"
Depths: $\frac{3}{4}$ " - 1- $\frac{1}{2}$ "
Weight: 20 lb. per linear foot
Angle: 90

Stone Characteristics

Colors: Gold Tones, Grey Tones, Natural Tones
Style: Dimensional
Finish: Tumbled

Packaging

Sold as loose pieces.
Flat Pallet: 150 square feet
Corner Pallet: 50 linear feet

Applications

This natural stone veneer is approved for all applications due to its high compressive strength and low water absorption. It is well suited for exterior applications with a harsh climate.

Natural stone varies in color, shape and veining from piece to piece. Photos used are meant to be as accurate as possible in depicting the product. Photos of stone are meant to give a general idea but should not be used for exact color matching.

LEED® Certification & Energy Efficiency

Using natural stone veneer can contribute to obtaining credits toward your LEED green building certification. The natural material helps improve the energy efficiency of your home or business.

Installation

Natural thin stone veneer installation information is available on our website:
