

VENETIAN

Product Information & Data Sheet

Venetian is a tumbled real stone veneer with a mix of tans, golds, and earthy browns. The thin veneer is cut from natural sandstone that we quarry in North America. Venetian gives a weathered old-world look and feel due to its fieldledge style and tumbled finish. The fieldledge style brings you back to the days before modern stone cutting equipment when masons used unaltered stone pieces. A unique characteristic of Venetian is the installed stone will have some linear flow while still utilizing and maintaining the irregular pieces. Venetian's tumbled finish gives a distressed look and is a natural choice to be complemented with ivy.

Flats Dimensions

Heights: 2" - 10"
Lengths: 4" - 18"
Depths: ¾" - 1-½"
Weight: 13 - 15 lb. per square foot

Corner Dimensions

Heights: 2" - 10"
Lengths: 3"-5" x 8"-12"
Depths: ¾" - 1-½"
Weight: 20 lb. per linear foot
Angle: 90

Stone Characteristics

Colors: Earthy Browns, Gold Tones
Style: Fieldledge
Finish: Tumbled

Packaging

Sold as loose pieces.
Flat Pallet: 150 square feet
Corner Pallet: 50 linear feet

Applications

This natural stone veneer is approved for all applications due to its high compressive strength and low water absorption. It is well suited for exterior applications with a harsh climate.
