

# VINEYARD

## Product Information & Data Sheet

Vineyard is a classic machine cut limestone natural thin veneer. The stone has a neutral mix of darker tones with hints of gold. The individual pieces of Vineyard form an ashlar pattern once installed. The style of stone that shows only the interior part of the natural stone sheets is known as machine cut, split-face, or simply chopped. The name comes from the production process where the slabs or sheets of stone are unearthed and sorted. They are fed into the hydraulic press to be split, cut, or chopped. This style of stone is timeless and classic and creates a look that will be loved for generations.

### Flats Dimensions

Heights: 2" - 8"  
Lengths: 4" - 18"  
Depths: ¾" - 1½"  
Weight: 13 - 15 lb. per square foot

### Corner Dimensions

Heights: 2" - 8"  
Lengths: 3"-5" x 8"-12"  
Depths: ¾" - 1-½"  
Weight: 20 lb. per linear foot  
Angle: 90

### Stone Characteristics

Colors: Gold Tones, Grey Tones  
Style: Ashlar  
Finish: Natural

### Packaging

Sold as loose pieces.  
Flat Pallet: 150 square feet  
Corner Pallet: 50 linear feet

### Applications

This natural stone veneer is approved for all applications due to its high compressive strength and low water absorption. It is well suited for exterior applications with a harsh climate.
